

In 2015-2016, Queensway Pastors Deane and Ryan worked for almost the entire year on two related questions:

1. What is a disciple of Jesus according to scripture?
2. How can we know that disciples of Jesus are being formed here at Queensway in accordance with the Great Commission of Matthew 28?

Not wanting to make assumptions in answering either of these questions they set to work studying and developing a discipleship strategy for this congregation. In the end our Pastors concluded that based on the Word of God as revealed in scripture a person who is truly and fully following Jesus will display 4 traits. They will be:

- Christ-centred,
- Spirit-led,
- Biblically literate,
- Community minded.

The development of the discipleship model used at Queensway is intended to facilitate achievement of our main purpose as a church. By adhering to these discipleship principles we seek, in God's power, to become fully-devoted followers of Jesus. By keeping this model in the forefront of all praying, preaching, planning, teaching, strategizing and prioritizing we put HIM at the centre, we follow where HIS spirit leads, we engage intentionally and purposefully with HIS Word and we seek out ways to bless those around us in HIS name.
