Revised Notice about Hospital Visits: September 2017

It continues to be the policy at BGH that clergy, faith leaders and pastoral visitors can only access patient information (i.e. knowledge that someone is in hospital) if express permission is given by the patient or spokesperson directly. Simply put this means **if you are hospitalized, and are requiring of a pastoral care visit, you (or a family member) must contact the church office yourself.** Similarly, no personal information (i.e. hospitalization etc) should be shared without the expressed consent of the patient themselves (or their spokesperson). Should you for example wish to seek prayer for someone or add them to a prayer list or card, **please ensure you have their permission before divulging their personal information in any fashion.** If you do not have their permission OR gaining their permission is unlikely, please (as in Matthew 6:6) pray to your Father "in secret".
